NO ANTIBIOTICS EVER. HAPPY CUSTOMERS ALWAYS.

OUR PROMISE

At Farm Promise®, we believe that Good Comes From Good™, and that what you put into the world is what you get back. It's why we've made a commitment to bring goodness to everything we do—from our dedication to quality, No Antibiotics Ever pork to supporting local agriculture through our vertically-coordinated network. It's all part of our mission to put better food within reach. Your customers have better options for fresh-from-the-farm taste that will keep them coming back time and time again.

OUR FARMERS

Farm Promise® pork is raised by family farmers—people whose names we know and whose methods we trust. Together, we're committed to producing wholesome, delicious pork while treating land and livestock with care.

Contact your Clemens Food Group sales representative for more information or email us at farmpromise@clemensfoodgroup.com.

OUR STANDARDS

- NO ANTIBIOTICS EVER
- CRATE FREE DURING GESTATION
- FED A VEGETARIAN DIET EXCEPT FOR MILK
- RAISED WITHOUT GROWTH PROMOTANTS

Farm Promise®

CLEMENS FOOD GROUP

HERE'S WHAT YOU CAN TELL YOUR CUSTOMERS ABOUT FARM PROMISE™ PORK:

NO ANTIBIOTICS EVER

Really, no antibiotics EVER. If an animal requires antibiotics because of an illness that can't be cured by more natural means, we remove it from the Farm Promise® program.

OUR PIGS ARE VEGETARIANS

No animal protein or by-products for our pigs. They're fed a balanced vegetarian diet comprised of corn, soybean meal, vitamins, and minerals to keep them well-nourished and healthy (milk is permitted in farrowing and nursery stages).

CRATE FREE DURING GESTATION

Our farmers are dedicated to the well-being of the animals in their care. All our sows live in an open-group environment, with plenty of room to move around and socialize.

RAISED WITHOUT GROWTH PROMOTANTS

We don't use ANY artificial growth promotants. Our hogs grow naturally, based on good feed, good health, and good care.
